

FY2017 ANNUAL REPORT

Bolton

The Chittenden County Regional Planning Commission (CCRPC) is a political subdivision of the State created by the municipalities of Chittenden County in 1966 for the development of policies, plans and programs that address regional issues and opportunities in Chittenden County. Its vision is to be a pre-eminent, integrated regional organization that plans for healthy, vibrant communities, economic development, and efficient transportation of people and goods while improving the region's livability. The CCRPC serves as the region's federally designated metropolitan planning organization (MPO) and is responsible to all citizens of the region to ensure the implementation of the best regional and transportation plan for Chittenden County. The CCRPC also provides technical and planning assistance to its member municipalities and the Vermont Agency of Transportation (VTrans).

The CCRPC is governed by a 29-member board consisting of one representative from each of the County's 19 municipalities; transportation representatives from VTrans, Green Mountain Transit (GMT), Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), the Burlington International Airport (BIA), and a rail industry representative; and, at-large members representing the interests of agriculture; environmental/conservation; business; and housing/socio-economic. The legislative body of each Chittenden County municipality selects its own representative and alternate. The full CCRPC selects the at-large representatives.

The CCRPC appreciates the continued opportunity to work with its municipal members to plan appropriately for the region's future to protect and improve the special quality of life that is shared throughout Chittenden County. In FY17, the CCRPC invested about \$5.1 million in regional land use, transportation, emergency management, energy, natural resources, public engagement, public health, training, and technical assistance. The program leverages more than \$4.5 million in Federal and State investment with \$245,000 in municipal dues and another \$187,000 in local match for specific projects—**an 11:1 return on investment**. Bolton's dues were \$1,584 in FY17 and \$1,534 in FY18.
