RE: Winooski Hotel Group, LLC; Winooski; Application #4C1065-18 DRAFT

Dear Ms. Monaghan:

The Chittenden County Regional Planning Commission’s Staff and Executive Committee have reviewed this Act 250 application for a project described as a boundary line adjustment between Lots 9 and 2 with the City of Winooski and construction of a 100-room hotel on new Lot 9. The Project is located at 4 Winooski Falls Way in Winooski. The Winooski City Council approved the project on March 28, 2016. We understand that this hearing is on Downtown Development Findings per 10 V.S.A § 6086b, and as such the hearing will review Criteria 1, 2, 3, 4, 5, 8, 8(A), 9(B), 9(C), 9(F), and 9(K). We offer the following comments:

The project is located within the Center Planning Area as defined in the Chittenden County Regional Plan, entitled the 2013 Chittenden County ECOS Plan. We find this project to be consistent with the Planning Areas for the following reasons:

1. The Center Planning Area is identified in the Plan as an area planned for growth, and therefore this project helps implement Strategy #2 of the Plan which calls for 80% of new development in the areas planned for growth.
2. The project will be served by municipal water and sewer service, and is accessible via GMT transit routes.
3. The density and uses are consistent with the local regulations.

Therefore, we find this project to be in conformance with the Planning Areas of the 2013 Chittenden County Regional Plan.

The project is anticipated to generate a relatively minor amount of traffic when considering the volume of vehicles using the Winooski Circulator on a given day. We applaud the use of available satellite parking lots to accommodate the project’s parking needs. In addition, the project’s proximity to the nearby transit stop, hotel shuttle, and overall walkability of Winooski’s downtown makes it easy for hotel guests to avoid using their personal vehicle throughout their stay.

Due to the detailed level of development review in most Chittenden County municipalities and the environmental permit reviews at the Department of Environmental Conservation, CCRPC will give specific attention in its Act 250 reviews to the type of use and the Planning Areas section of the 2013 Chittenden County ECOS Plan. While there are many other topics covered in the 2013 Chittenden County ECOS Plan, there has been significant analysis at the Regional level regarding transportation.
impacts. The CCRPC will also focus its attention on transportation, where appropriate, in accordance with the Metropolitan Transportation Plan, which is within the 2013 Chittenden County ECOS Plan.

These comments are based on information currently available; we may have additional comments as the process continues. Please feel free to contact me should you have any questions.

Sincerely,

Charlie Baker

RE:  316 Flynn Avenue, Burlington; Application #4C1297 - DRAFT

Dear Ms. Monaghan:

The Chittenden County Regional Planning Commission’s Staff and Executive Committee have reviewed this Act 250 application for a Project described as the demolition of an existing commercial building and the subsequent redevelopment of an urban lot into a four-story mixed use building containing two ground floor commercial spaces and 30 apartments, along with 34 surface parking spaces. The Project is located at 316 Flynn Avenue in Burlington, Vermont. All criteria are under review. The project was approved by the Burlington Development Review Board on October 13, 2016. We offer the following comments:

The project is located within the Metro Planning Area as defined in the Chittenden County Regional Plan, entitled the 2013 Chittenden County ECOS Plan. We find this project to be consistent with the Planning Areas for the following reasons:

1. The Metro Planning Area is identified in the Plan as an area planned for growth, and therefore this project helps implement Strategy #2 of the Plan which calls for 80% of new development in the areas planned for growth.
2. The project is already served by municipal water and sewer service, and is accessible via GMT transit routes.
3. The density and uses are consistent with the local regulations.

Therefore, we find this project to be in conformance with the Planning Areas of the 2013 Chittenden County Regional Plan.

We also find that this project meets the requirements of Criterion 9(L). Though the project is not located in a state designated center, we find that it is located in an existing settlement. 10 VSA 6001 (16) defines an existing settlement as an area that is “compact in form and size; that contains a mixture of uses that include a substantial residential component and that are within walking distance of each other; that has significantly higher densities than densities that occur outside the settlement; and that is typically served by municipal infrastructure such as water, wastewater, sidewalks, paths, transit and public parks or greens.” The site of the project exhibits all of these characteristics. Therefore, the project complies with the requirements of Criterion 9(L).

The Traffic Impact Study dated June 28, 2016 indicates there will be minimal traffic congestion impacts to the surrounding area and we concur with its findings. However, no future year (e.g. 2021) was analyzed that would have incorporated background traffic growth or planned developments such as the nearby City Market expansion or the Champlain Parkway. This could be because traffic volume on Pine Street has been relatively constant in recent years or because the Champlain Parkway will alleviate congestion at the study intersection. The exact reasoning is unknown as it was left unaddressed. We suggest the Commission ask for a future year analysis if they feel it’s necessary to determining mitigation strategies.
Due to the detailed level of development review in most Chittenden County municipalities and the environmental permit reviews at the Department of Environmental Conservation, CCRPC will give specific attention in its Act 250 reviews to the type of use, the Planning Areas section of the 2013 Chittenden County ECOS Plan, and Criterion 9(L). While there are many other topics covered in the 2013 Chittenden County ECOS Plan, there has been significant analysis at the Regional level regarding transportation impacts. The CCRPC will also focus its attention on transportation, where appropriate, in accordance with the Metropolitan Transportation Plan, which is within the 2013 Chittenden County ECOS Plan.

These comments are based on information currently available; we may have additional comments as the process continues. Please feel free to contact me should you have any questions.

Sincerely,

Charlie Baker

Peter E. Keibel
Act 250 Coordinator

RE: Allen Brook Development (Cottonwood); Williston; Application #4C0994-1 DRAFT

Dear Mr. Keibel:

The Chittenden County Regional Planning Commission’s Staff and Executive Committee have reviewed this Act 250 application for a project described as a five-phase mixed use development on three parcels at full build-out to consist of 40,925 sf of retail space, 11,725 sf of restaurant space, 20,110 sf of office space and 206 dwelling units. We understand that the current application is for approval of Phase I (19,795 sf retail space, 6,225 sf of restaurant space, 10,110 sf of office space and 46 dwelling units) and partial findings for subsequent phases on all criteria except 1(B), 4 and 8. The Project is located at 6180 Williston Road in Williston, VT. Phase I of the project has received approval from the Town of Williston’s Development Review Board. We offer the following comments:

The project is located within the Metro Planning Area as defined in the Chittenden County Regional Plan, entitled the 2013 Chittenden County ECOS Plan. We find this project to be consistent with the Planning Areas for the following reasons:

1. The Metro Planning Area is identified in the Plan as an area planned for growth, and therefore this project helps implement Strategy #2 of the Plan which calls for 80% of new development in the areas planned for growth.
2. The project will be served by municipal water and sewer service, and is accessible via GMT transit routes.
3. The density and uses are consistent with the local regulations.

Therefore, we find this project to be in conformance with the Planning Areas of the 2013 Chittenden County Regional Plan.

We also find that this project meets the requirements of Criterion 9(L) as it is located within a state designated Growth Center.

The Traffic Impact Assessment (8/4/2016), Third Party Review (9/1/2016), and follow up Traffic Technical Memo (10/6/2016) have addressed several items concerning the projects impacts and we do not have anything further to add to the discussion.

Due to the detailed level of development review in most Chittenden County municipalities and the environmental permit reviews at the Department of Environmental Conservation, CCRPC will give specific attention in its Act 250 reviews to the type of use and the Planning Areas section of the 2013 Chittenden County ECOS Plan. While there are many other topics covered in the 2013 Chittenden
County ECOS Plan, there has been significant analysis at the Regional level regarding transportation impacts. The CCRPC will also focus its attention on transportation, where appropriate, in accordance with the Metropolitan Transportation Plan, which is within the 2013 Chittenden County ECOS Plan.

These comments are based on information currently available; we may have additional comments as the process continues. Please feel free to contact me should you have any questions.

Sincerely,

Charlie Baker

Agenda Item 4: Action Item
FY 17 Mid-Year UPWP & Budget Adjustment

Background: Each year CCRPC reviews the approved work program and budget at mid-year and makes changes where needed. Some consultant projects don’t begin until mid-year so funds are adjusted to reflect how much we believe will be spent by June 30th. Some may require additional funds to complete. All staff make adjustments in their estimated hours in each UPWP tasks to better align with actual effort needed.

In the Mid-Year Adjustment document (posted separately) we have shown the original budget amount, the mid-year projected amount and the difference, whether up or down.

Blue highlighted areas indicate that changes were made either in task description or consultant dollars. If the whole line is highlighted it means the task was added at mid-year. In some cases, we hadn’t anticipated a task needing to continue into FY16 and in other cases, we hadn’t anticipated the task at all, (e.g.. Winooski River Bridge – 2.3.5.1).

Yellow highlights indicate that we have a question that needs to be resolved before the Adjustment is sent to the full Board for action.

Staff Recommendation: Staff recommends that the Executive Committee recommend approval of the Mid-Year Adjustment by the CCRPC Board with the yellow highlighted cells being resolved.

The Chittenden County Regional Planning Commission Board may employ a “Consent Agenda” process when appropriate for expediting minor administrative actions related to the efficient operation of the Chittenden County Regional Planning Commission and the management of Chittenden County Regional Planning Commission programs and documents (e.g., qualifying TIP amendments). Any administrative change to Chittenden County Regional Planning Commission documents, policies, or procedures, other than items defined in Article X of these by-laws, may be identified and included in the Consent Agenda element of the full agenda for a regularly-scheduled Board meeting.

At the beginning of each Board meeting, under the “Changes to the Agenda” item, the Chair will entertain requests from any Board member to move individual Consent Agenda items to the Deliberative Agenda for discussion and action. The Board will then act on the Consent Agenda. If a Consent Agenda item is moved to the Deliberative Agenda for discussion and action, Board members will have the opportunity to request additional information on the item from staff,
municipalities, and/or agencies, as appropriate. The Board may then (1) move and vote to
approve the item moved from the Consent Agenda to the Deliberative Agenda, at which time the
subject administrative change becomes effective, or (2) move and vote to send the change to the
appropriate body (e.g., Executive Committee, TAC, or staff) for further review and
recommendation.

Article IX. FISCAL YEAR & MEETING DATES

Article XIII. RESOLVING CONFLICTING INTERESTS

A. Preamble
A public official must exercise his or her authority solely for the benefit of the public and, in fact, stand in a fiduciary relationship to the public. He or she is held by the law to a most rigid standard with respect to any activity which places his or her individual interest in a position where collision with public responsibility becomes possible. The law requires that not only must public officials actually separate private interests from public responsibility, but must also give every appearance of this separation.

A real conflict of interest exists when a private interest exists leading to a personal benefit or gain. An apparent conflict of interest exists when there is a perception that a conflict of interest exists leading to a personal benefit or gain.

Such a conflict would arise when (1) a Board member, (2) any member of his or her immediate family, (3) his or her partner, or (4) an organization which employs or is about to employee any of (1) through (3) above, have a financial or other interest in the firm selected for the award.

Board members of both the Chittenden County Regional Planning Commission and the Chittenden County Regional Planning Commission’s sub-grantees will neither solicit nor accept gratuities, favors, or items of value (excluding calendars, pens, and other nominal items) from contractors, potential contractors, or parties to sub-agreements.

When a significant real or apparent conflict of interest arises the concerned parties shall discuss the matter with the Executive Committee. Board members should raise the issue of a potential conflict of interest of another Board member or staff person whenever they feel one exists and the person in question does not declare a real or apparent conflict of interest. All real conflicts of interest require compliance with Section B below. The Executive Committee will determine all apparent conflicts of interest. If there is an actual conflict of interest the Committee shall decide on a case-by-case basis whether an individual can participate in discussions, but the individual shall not vote. Alternatively, if there is an apparent conflict of interest the Committee will decide whether and how an individual may participate and if the individual may vote.

B. Board Member Actions
In the event a real conflict of interest, as herein defined, does or would result, the Board member shall act as follows:

1) Disclosure. In the event a proposed contract, material or labor is to be furnished to the Chittenden County Regional Planning Commission, the Board member shall state on the record the nature of his or her conflict of interest. He or she shall not communicate, either formally or informally, with any other Board member with respect to the awarding of such contract and shall not vote on the question of its issuance.

2) Disclosure of Fiduciary Relationship. In the event the Board member has fiduciary relationship with any individual, partnership, firm or corporation seeking to contract with

the Chittenden County Regional Planning Commission, or to provide materials or labor thereto, or has a fiduciary interest in a project or a project before Act 250 or other regulatory board where the Chittenden County Regional Planning Commission is a party, the Board member shall, regardless of contract amount, state on the record the nature of his or her interest, refrain from all formal or informal discussion with any other Board members with respect to such contract or project, and shall not vote on the question of its issuance or approval or disapproval.

3) Form. Upon joining the Chittenden County Regional Planning Commission or at the beginning of the fiscal year, Board members will sign a form indicating that they have read and understand this Section.
