1. Call to Order, Attendance. The meeting was called to order at 5:48 PM by Mike O’Brien.

2. Changes to the Agenda, Members’ Items. There were none.

3. Approval of July 1, 2020 Executive Committee Minutes
   CHRIS SHAW MADE A MOTION, SECONDED BY ANDY MONTROLL TO APPROVE THE JULY 1, 2020
   EXECUTIVE COMMITTEE MINUTES AS PRESENTED. NO EDITS NEEDED. MOTION CARRIED
   UNANIMOUSLY.

4. Act 250 & Section 248 Applications. There were none

5. Financial Update – FY20  Forest Cohen provided a financial overview covering the period from July 1,
   2019 through June 30, 2020. He referred members to the Income Statement they received for the
   meeting. Forest stated the month of June was better than expected. We were at 99.1% of
   operations support revenue. The last three months of FY20 were very positive. Overall, we are
   quite good from a revenue generation standpoint. Forest said this is a good place to be going into
   FY21. Members agreed. Forest then referred to the Cash Sheet. He explained we ended the fiscal
   year with approximately $300,000 in the bank. Municipal dues have been coming in and currently
   the bank accounts are at $448,000.

   Bard asked, since many of the staff are working from home, if considerations had been given to
   reducing office space. Charlie stated we signed a seven year lease with Redstone, however, there
   have been discussions about opportunities to share office space. John Zicconi was curious if staff
   has been taking less vacation time this summer and if paid time off could be banked? Charlie
   explained PTO accruals are not infinite and staff has been taking time as needed over the last few
   months.

   Charlie said we have been having conversations on Social Justice and Racial Equity internally and
   externally. He explained Emma Vaughn and Bryan Davis are taking the lead on this topic; Staff have
   been and will continue to attend workshops, share reading materials and participate in external
   training. We are working to become better educated and plan to continue with trainings and
discussions each month. We also want to learn more about the city of Burlington’s declaration that
racism is a Public Health emergency. Charlie said he has had and will continue having conversations
with Mark Hughes, the Executive Director of Justice for All and a member of the Vermont Racial
Justice Alliance.

Mike said he wants more education on the subject and be sensitive to all points of view. Charlie
explained, we need the ability to understand this on a deeper level, the core issues at hand. Bard
asked how we move from education and discussion to action. Catherine agreed with Bard and
explained in Jericho there have been a lot of demonstrations, but she wonders what, as a
municipality, should be done to move things forward in a meaningful way. Mike feels understanding
the issues is the first step and can be used as a base to make changes. Eleni agreed, we need to
address and to understand this is a continuous process. Chris Shaw is wondering if there is data we
could work with to help facilitate action; for instance, in affordable housing, if there are
opportunities in data to identify places of inequity that need changes. Member discussion ensued.
Andy said it is difficult to presume we know how to deal with these issues and agrees there needs to
be further education and understanding to then develop a plan that will lead to action within our
communities. Doing this will take patience and time. Members agreed. Mike said he had a
conversation with Heather Carrington, Winooski’s Community and Economic Development Officer,
that the RPC may be a good place to convey information to multiple communities and make this a
regional plan versus one town at a time.

Charlie stated the first plan of action we have is to review the organizational policies and procedures
and ensure we are in line where we need to be. We have a role to play in community development,
affordable housing and equity in housing; these are areas we can make concrete changes that will
have an impact. Bard stated the Howard Center Community Outreach program is set up across
Chittenden county we could potentially examine and use as a model.

Bryan agreed we need to deepen and broaden our understanding about racial inequity, and act
sooner rather than later. We can use education to develop a lens; then we can examine our bylaws,
our relationships with consultants, and ensure we have an awareness in terms of the work we are
doing within our communities. Bryan agreed, this is an ongoing process. Emma said this is the
beginning stage and we recognize it may be an uncomfortable topic, however, we know it is of great
importance and is something we need to address. Charlie stated there are larger organizations
hiring diversity and inclusion directors, however, his vision for our organization, our partners, and
our communities is to lean into this and take the responsibility upon ourselves to make and be a
part of the changes. Charlie also explained these issues tie into our ECOS plan. He also stated we
will review and draft an update for the public participation plan by November. This will help address
policy documents and ensure we are doing the best job. Charlie said there will be continuous
education for all of us, including inviting people to speak on the subject. Bard hill recommended
Xusana Davis, Executive Director of Racial Equity for the State of Vermont.

7. Chair/Executive Director Report
   a. **Clean Water Service Provider update**: Charlie explained the DEC accepted our draft
      proposal and the target finish date has been extended to January. Charlie explained
      there was only one applicant for each watershed, and we are the backup provider for
      the other 6 watersheds.
b. **EDA and EPA Grant updates:** Charlie said we are working on securing funds from two grants, the EDA (Comprehensive Economic Development Strategy) and EPA (weatherization in Winooski). The EDA is currently pending; we should know by the end of the month. There is some interest in having Vermont fill the gap for the West Central portion of our State in the Economic Development District. We do not know if we have received funding yet.

c. **CHAMP P3 update:** Charlie said we are at the beginning stages and should know in October if we can make this work. We applied for a 300K Grant for transit organized development and to investigate the feasibility of commuter rail in Chittenden and surrounding counties and determining the real estate development opportunities adjacent to certain rail stations (Transit Oriented Developments). The CCRPC did not get the BUILD Grant and we are once again partnering with CHAMP P3 to apply for the EDA Grant with similar scope. We will be reaching out to other RPC’s and stakeholders to coordinate the effort.

8. **Other Business:** None needed.

9. **Executive Session:** None needed.

10. **Adjournment:** BARD HILL MADE A MOTION, SECONDED BY JOHN ZICONI, TO ADJOURN THE EXECUTIVE COMMITTEE MEETING AT 7:02PM. MOTION CARRIED UNANIMOUSLY.

Respectfully submitted,

Amy Irvin Witham
