

South Burlington Active Transportation Plan
First public open house
January 25, 2024

30+ people attended

Dinner and licensed childcare provided

General themes heard:

- Desire to connect existing facilities to create a full network
- Need safe routes to school and walking school buses
- Desire for better winter maintenance of sidewalks and bike facilities
- Concerns about intersections
- Concerns about vehicle speeds and volumes
- Concerns about driver behavior (not slowing/stopping for people walking and biking)
- Desire for more crosswalks, especially on major roadways
- Existing routes are not direct for pedestrians/ bicyclists
- Some roadway shoulders and marked bike lanes feel unsafe, either because of pavement condition or proximity to vehicles
- Desire for more/better lighting
