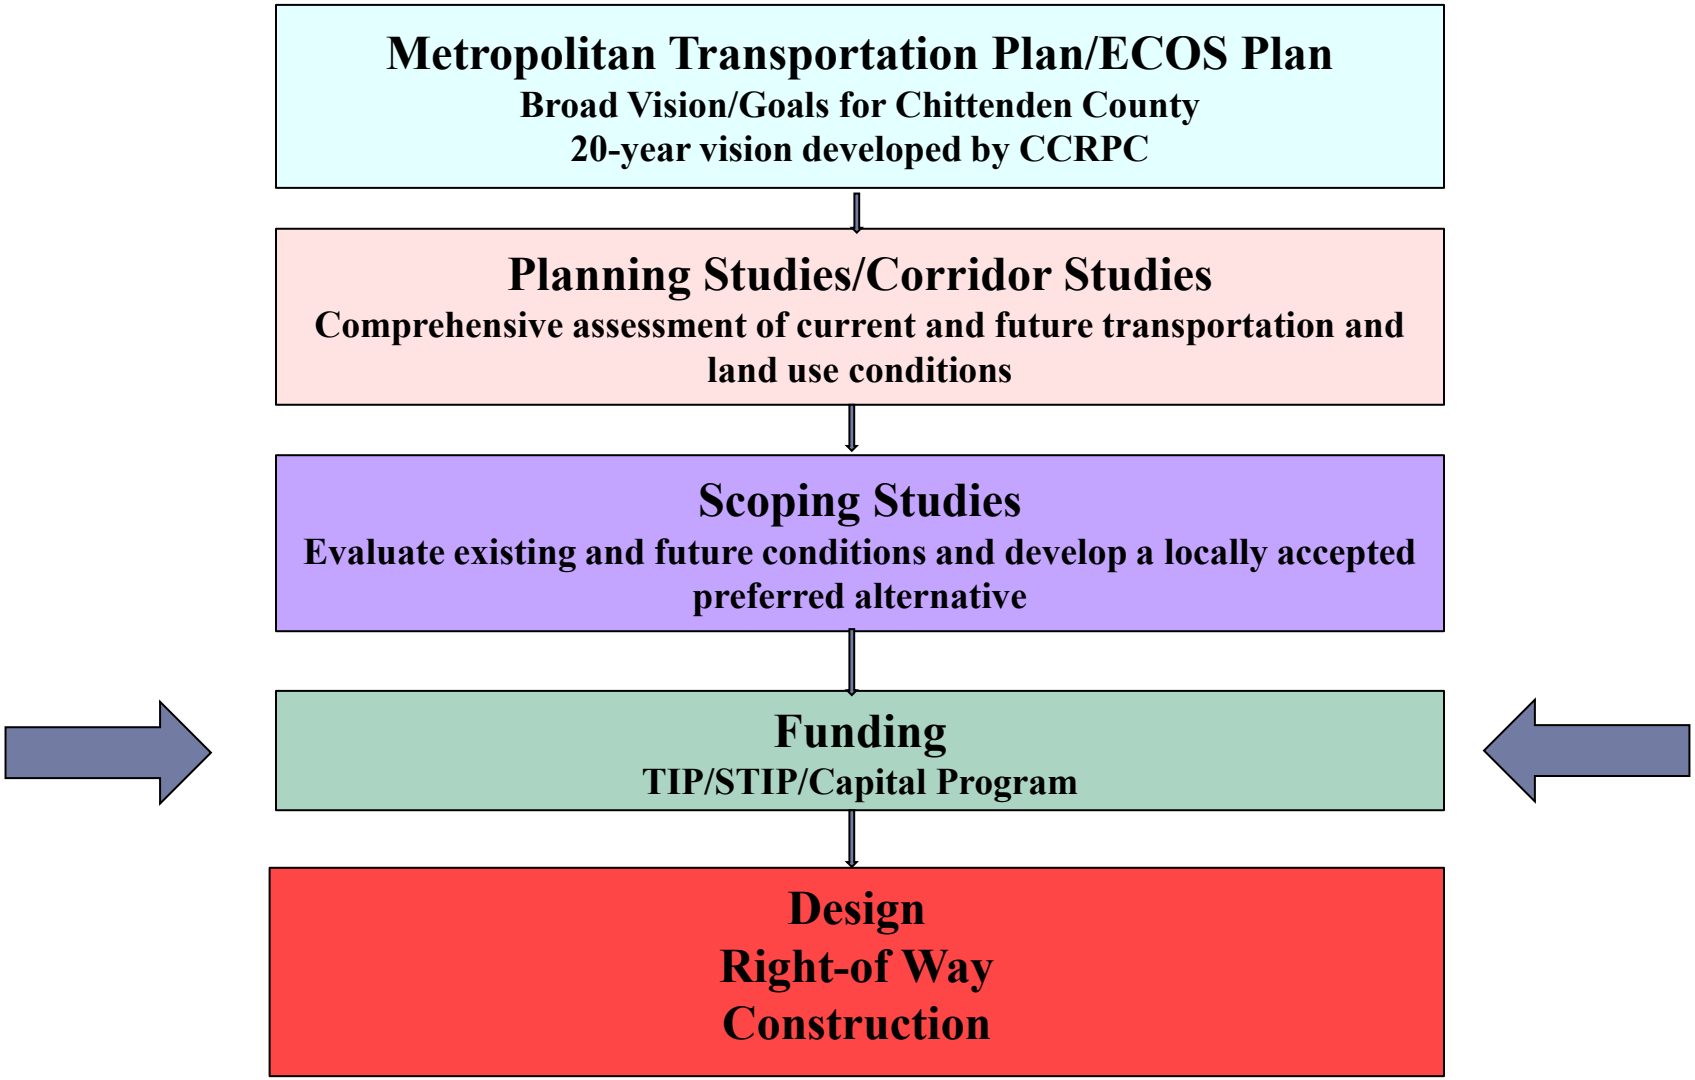
Transportation Improvement Program (TIP) for Fiscal Years 2026-2029

Presentation to the CCRPC Transportation Advisory Committee

September 2, 2025

Transportation Planning and Project Implementation



What is the Transportation Improvement Program (TIP)?

The TIP is a prioritized, fiscally-constrained, multi-year list of federally-funded transportation projects and operations in the MPO region

- Must be fiscally-constrained
- Must cover at least 4-years
- Must be updated at least every 4 years
- Authorizes obligation of federal funds

How do Projects Get on the TIP?

The TIP is based on a ***continuing, comprehensive transportation planning process carried out cooperatively by the State, the MPO, and transit operators***

- Projects must have completed, or nearly completed, the planning process and be ready for design
- Projects must have funding
- In order to spend funds, projects must be listed in VTrans Capital Program

How to Read the TIP

The TIP contains the following three sections:

Section I: Introduction

- What the TIP is
- Discussion of Performance Measures
- Adoption Resolution
- Glossary of Acronyms

Section II: Projects by Municipality

- Chittenden County projects that CCRPC authorizes for obligation of federal funds

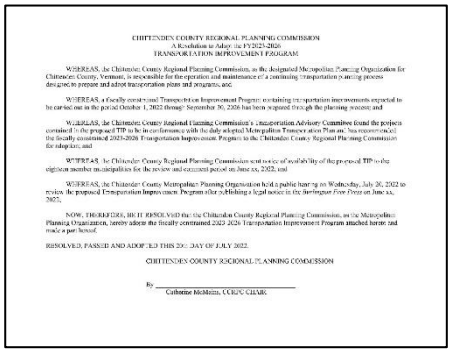
A. Introduction

The Chittenden County Transportation Improvement Program (TIP) for fiscal years 2023 through 2026 is a prioritized, fiscally-constrained, and multi-year list of federal, regional, multimodal transportation projects and, operations in the Chittenden County Regional Planning Commission (CCRPC) region – Chittenden County. As a federally designated Metropolitan Planning Organization (MPO), CCRPC must prepare a TIP which must cover at least a four-year program of projects and be updated no less frequently than every 4 years. In addition, projects in the TIP must be prioritized at the regional level and have clearly identified funding sources. All transportation projects, programs, and operations receiving federal funds in Chittenden County must be authorized through the CCRPC TIP process. The exceptions are federal airport funds for Burlington International Airport, which are not subject to the CCRPC's prioritization process, but are listed in the TIP for information and coordination purposes.

- The TIP authorizes the implementing agency (e.g., Vermont Agency of Transportation (VTrans), Green Mountain Transit (GMT)) to obligate federal funds for listed projects and operations over the next four federal fiscal years (October 1, 2022 through September 30, 2026).
- The first year of a duly-adopted and approved TIP constitutes an "agreed to" list of projects for project selection purposes, once identified, anticipated federal funds available in the region are available during that year.
- The U.S. Department of Transportation (DOT) requires that the TIP is based on a continuing, comprehensive transportation planning process carried out cooperatively by the State, the CCRPC, and transit operators.



CHITTENDEN COUNTY REGIONAL PLANNING COMMISSION
A Resolution to Adopt the FY2023-2026
TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Chittenden County Regional Planning Commission, as the designated Metropolitan Planning Organization for Chittenden County, Vermont, is responsible for the operation and maintenance of a continuing transportation planning process designed to prepare and advise transportation plans and programs; and,

WHEREAS, a fiscally constrained Transportation Improvement Program containing transportation improvements expected to be carried out in the period October 1, 2022 through September 30, 2026 has been prepared through the planning process; and

WHEREAS, the Chittenden County Regional Planning Commission's Transportation Advisory Committee found the projects contained in the proposed TIP to be in conformance with the duly adopted Metropolitan Transportation Plan; and, has recommended the fiscally constrained 2023-2026 Transportation Improvement Program to the Chittenden County Regional Planning Commission for adoption; and

WHEREAS, the Chittenden County Regional Planning Commission sent notice of availability of the proposed TIP to the eighteen member municipalities for the review and comment period on June xx, 2022; and

WHEREAS, the Chittenden County Metropolitan Planning Organization held a public hearing on Wednesday, July 20, 2022 to review the proposed Transportation Improvement Program after publishing a legal notice in the *Burlington Free Press* on June xx, 2022;

NOW, THEREFORE, BE IT RESOLVED that the Chittenden County Regional Planning Commission, as the Metropolitan Planning Organization, hereby adopts the fiscally constrained 2023-2026 Transportation Improvement Program attached hereto and made a part hereof.

RESOLVED, PASSED AND ADOPTED THIS 20th DAY OF JULY 2022.

GLOSSARY

ADA	Americans with Disabilities Act of 1990. Federal legislation prohibiting discrimination on the basis of disability.	FAA	Federal Aviation Administration. The USDOT agency responsible for aviation-related programs.
Adaptive Signal Control	Adaptive signal control technology adjusts the timing of red, yellow, and green lights to accommodate changing traffic patterns and uses traffic detection.	FAST Act	The Fixing America's Surface Transportation Act ("FAST Act") is the five-year legislation to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network. The law was passed in 2015.
AIP	Airport Improvement Program. FAA program that assists the development of public-use airports by providing funding for airport planning and development projects.		
BTV	Burlington International Airport	FHWA	Federal Highway Administration. The USDOT agency responsible for roadway-related programs.
CARES Act	The Coronavirus Aid, Relief, and Economic Security (CARES) Act, signed on March 27, 2020, provides relief funding for individuals, businesses, and government organizations affected by the COVID-19 pandemic.	FRA	Federal Railroad Administration. The USDOT agency responsible for railroad programs.
CCRPC	Chittenden County Regional Planning Commission. The county's metropolitan planning organization. Established under state law. CCRPC also acts as the Metropolitan Planning Organization for Chittenden County. The MPO is established under federal law and empowered by the transportation planning and programming entity in a urbanized area.	FTA	Federal Transit Administration. The USDOT agency responsible for public transportation projects.
		FTA Section 5307	The FTA formula for the Urbanized Area program makes federal resources available to urbanized areas and provides for transit capital and operating assistance in urbanized areas and for transportation related planning. An urbanized area is an area designated by the Census Bureau with a population of 50,000 or more.
CIRC Alternative Project	A program of projects to implement the purpose and need that the CIRC Alternative was originally intended to address. In 2013 the Governor announced that the Chittenden County Circumferential Highway – a controversial, unbuilt, limited access highway – was officially removed from the state's transportation plan.	FTA Section 5309	FTA program that provides funding to states and transit agencies to replace, rehabilitate and purchase buses and related equipment and to construct bus-related facilities.
CMAQ	Congestion Mitigation and Air Quality Improvement Program. Federal funding program that funds state transportation projects with air quality issues through control and screening projects.	FTA Section 5310	FTA program that provides formula funding to states and local governments to meet the transportation needs of older adults and persons with disabilities. Funds are apportioned based on each state's share of the population for these two groups.
CON	Construction. Project development phase in which the project is implemented.	FTA Section 5311	FTA program that provides capital, planning, and operating assistance to states to support public transportation in rural areas with populations less than 50,000.
DDI	Diverging diamond interchange. DDI is a new-style directional interchange that increases capacity and reduces congestion.
